Dear Parents/Carers,

I would like to welcome you and your child to St Francis. I hope you will find this school handbook informative and helpful. However if you have any questions please do not hesitate to come and discuss them with me. You will always be welcome.

Every child at St. Francis Primary School is special. All children will be encouraged to develop positive attitudes towards learning, caring for themselves and others and our environment.

You are welcome to ask for a copy of the School Improvement Plan and/or Standards and Quality Report. These documents will give you in depth information on the curriculum and attainment and achievements.

We are here to work with you and your children. We are most fortunate to have very supportive parents. We welcome this support and aim to work in partnership with you to provide the best possible education for your child.

We are fortunate to have a hard working Parent Council and we hope that as many of you as possible will support it so that, working together and joining in its various activities, we may make school life as happy and as beneficial as possible for you and your children.

The staff and I are totally committed to working towards excellence and equity in all aspects of our children's education and are happy to work in partnership with you and the wider community. We aim to provide excellent opportunities for all at St. Francis Primary School.

Kind Regards

Anne Marie Mullan

Head Teacher

BUILDING INVERCLYDE THROUGH EXCELLENCE, AMBITION AND REGENERATION.

Our core values are: Respect, Honesty and Tolerance.

Our vision for children and young people of Inverclyde is that they should be ambitious for themselves and be successful learners, confident individuals, responsible citizens and effective contributors.

To achieve our ambition of building Inverclyde through excellence and regeneration our children must be:

- **Safe:** protected from abuse, neglect and harm by others at home, school and in the community;
- **Healthy:** enjoy the highest attainable standards of physical and mental health, with access to healthy lifestyles;
- **Achieving:** having access to positive learning environments and opportunities and develop their skills; confidence and self-esteem to the fullest potential.
- **Active:** active with opportunities and encouragement to participate in play and recreation including sport;
- **Respected and responsible:** involved in decisions that affect them, have their voices heard and be encouraged to play an active and responsible role in their communities;
- **Included:** have access to high quality services when required and should be assisted to overcome the social, educational, physical environmental and economic barriers that create inequality;
- **Nurtured:** educated within a supported setting

We aim to do our very best to ensure that we are Getting It Right For Every Child (GIRFEC) at St. Francis Primary School.

SCHOOL AIMS

St.Francis Primary aims to offer the highest quality of education, through valuing the individuality of each pupil and meeting pupils' needs in a caring and safe environment.

We aim to:

- meet the needs of every child through a structured, well-balanced and suitably resourced curriculum.
- encourage the children to achieve their potential by being positive and enthusiastic about their school, their work and themselves, by using praise to motivate and by celebrating effort and success.
- provide a high quality of teaching and learning opportunities thus enabling the children to develop individual talents and independent learning skills which can be built upon and applied to future learning situations.
- provide a caring environment in which the children may develop intellectually, physically, socially, morally and spiritually so that they may play a valuable and responsible part in their families, their school, and the community in which they live.
- work in partnership with parents, other educational establishments and community groups whilst promoting positive links with local businesses as an important part of the learning process.
- make effective use of resources and encourage all staff to develop their talents and interests for their own professional development and for the good of the children and the school.
- have a shared understanding of school policies and programmes of study, promoting a positive climate for self-evaluation to support the management of development and change.

Our school values are:

respect

tolerance

honesty

peace

kindness

justice

perseverance

SCHOOL INFORMATION

St Francis Primary School
 East Barmoss Avenue
 Port Glasgow PA14 6HX

Telephone Number - 01475 715725
 Fax Number - 01475 715727
 INStFrancis@glowscotland.onmicrosoft.com
 School Twitter Account - @StFrancisPG
 School Web Address - <http://st-francis.inverclyde.sch.uk>
 Present Roll - 223
 Agreed Capacity - 396
 Stages Covered - Primary 1 - Primary 7
 Age Range - 4.5 Years - 12 Years
 Denominational Status - Roman Catholic
 Type of School - Co-educational

Parents should note that the working capacity of the school may vary dependent upon the number of pupils at each stage and the way in which the classes are organised.

P.1a	P.1b	P.2	P.3	P.4	P.5	P.6	P.7/6	P.7	Total

Catering Supervisor	Mrs. C. Tannahill
Cleaning Supervisor	Mrs. J. Gallacher

REGISTRATION & ENROLMENT OF INFANTS TO PRIMARY 1

Registration takes place annually in January, when details are given in the local press.

Children who reach the age of 5 years before 1st March of the following year are eligible for enrolment for the Primary 1 class beginning in August each year.

Children who live in the catchment area of a particular school require to register at that school where they will be informed of their right to make a placing request to another school of their choice and will be informed of the conditions pertaining to this.

During the summer term, parents of children about to enter Primary 1 in August, will be invited to the school (two afternoons). For the child this is an opportunity to meet the teacher and new classmates and to experience some school activities. This is also a chance for parents to meet each other and some of the staff. School routines and arrangements will be explained and questions answered.

Parents who are seeking a place in the school for their children at any stage can arrange a visit to view the school and ask any questions they may have by making an appointment, either by post or by telephone, with the Head Teacher.

Throughout the school year we liaise with our local nurseries. Staff from St. Francis Primary School visit the nurseries to meet the children and the children are invited to visit our school. Our main feeder nurseries are:

- Newark Nursery School
- Rainbow Family Centre

MEDICAL AND HEALTH CARE

If a child has an accident in school or is unwell, we will make every effort to contact the parents or the emergency contact in order that the child can be taken home. Similarly should the child have an accident and sustain injuries which result in a need to visit the hospital, we will try to contact the parents, or contact person. However, if we are unable to make any contact the child will be taken to hospital by a member of staff and continuous efforts will be made to make contact. For this reason, parents are asked to supply an emergency contact or telephone number, so that no time is lost unnecessarily in dealing with an emergency. Neighbours, relatives, or employer's address or telephone number would be helpful.

Should transport be necessary we do our best to provide a car to take the child home or to the hospital.

Minor Ailments

The school auxiliary staff deals with any minor ailments or accidents as they occur. A member of Staff is trained as a First Aider.

No child will be allowed to leave school outwith closing time unless accompanied by an adult, as there are no crossing patrol people on duty other than at the recognised closing time. An adult presence is provided in the playgrounds at break times in terms of the Schools (Safety and Supervision of Pupils) (Scotland) Regulations, 1990.

The school nurse gives regular checks for general health issues and wellbeing. Similarly, dental checks are carried out. Should a member of staff detect a health difficulty, you will be informed and permission sought for the school nurse/doctor to examine your child.

To ensure that no important information is missed, parents must inform the school in writing of any medical condition or requirement which their child may have and of which we should be made aware, especially if it would prevent their child from taking part in any of the usual school activities.

Parents will be asked to complete a form if medicine has to be given at school. It is also essential that the school has full details regarding the use of asthma inhalers.

It is important that the school has up-to-date medical information and emergency contact details. Please notify the school of any changes as soon as possible.

THE CURRICULUM

The curriculum framework for all Scottish educational establishments 3 – 18, called Curriculum for Excellence, will offer better educational outcomes for all young people and will provide more choices and more chances for those young people who need them. Links to Scottish Government curriculum advice can be found on the school website.

The aims of Curriculum for Excellence are that every child and young person should: know they are valued and will be supported to become a **successful learner**, an **effective contributor**, a **confident individual** and **responsible citizen**; experience a traditionally broad Scottish curriculum that develops skills for learning, skills for life and skills for work, with a sustained focus on literacy and numeracy, that encourages an active, healthy and environmentally sustainable lifestyle and builds an appreciation of Scotland and its place in the world.

The experiences and outcomes under Curriculum for Excellence are written at five levels, with progression to qualifications described under the senior phase:

Early Level – the pre-school years and P1 or later for some

First Level – to the end of p4, but earlier for some

Second Level – to the end of P7, but earlier for some

Third and Fourth – S1 to S3, but earlier for some

Senior Phase – S4 to S6 and college or other means of study

The curriculum is planned to include skills in Mathematics, Languages, Social Studies, Science, Religious and Moral Education, Health and Wellbeing, Expressive Arts and Technologies.

A wide range of resources and suitable texts are used to support the delivery of the curriculum. The children will also be given many opportunities to develop their skills through a variety of activities to encourage the children to be active, independent learners.

Languages and Literacy

Language is divided into four outcomes:

- Reading
- Writing
- Listening and Talking

Language is at the heart of children's learning and has an essential role across the curriculum.

In primary 1 the children are introduced to phonics through Jolly Phonics and the North Lanarkshire Active Literacy Programme. This is a multi-sensory approach that enables the children to learn about the sounds letters make and how letters are blended together to make words. This programme continues into P.2 and P.3.

Through our **reading** schemes we aim to ensure the children understand what they read, develop an enthusiasm for reading and use their reading for research purposes.

The children will learn to **write** for a variety of purposes -imaginative, functional, personal and the 'writer's craft', so that their written expression is confident, no matter what the context.

There are many opportunities for **listening** and **talking** individually and in groups in a variety of contexts. Inverclyde's **Talking Round Corners** resource is used. Experience in justifying, explaining, describing and persuading is essential for present day living

Our core language texts are:

Jolly Phonics
North Lanarkshire Active Literacy Programme
Bug Club
Selected Novel Studies P.4 – P.7
Folen's English Grammar: P.3 - P.7
New Treasury: P.3 –P.7
Nelson Handwriting: P.1 - P.7
Nelson Thorne Spelling Scheme : P.6 & P.7

We are continuing to introduce the Bug Club reading scheme. This programme will be introduced over several sessions.

Modern Languages - 1+2

All staff have received training and are now responsible for the implementation of the Primary French Programme from P.1 – P.7. Children at all stages will quickly become familiar with spoken and written French through the use of this planned, progressive programme.

Plans are being made to introduce Spanish from P.5 onwards in the future.

Mathematics and numeracy

Mathematics is divided into four outcomes:

- Problem solving and enquiry
- Information handling
- Number, money, measurement
- Shape, position and movement

Using our measuring skills outdoors to help us to understand the size of a Viking Longboat.

We aim to enable our children to become competent in all aspects of number and acquire the concepts and the mental agility necessary to be confident in applying mathematics in real life situations. The children will be given lots of opportunities to develop these skills through a variety of practical activities and play situations.

A variety of texts are used from P.1 - P.7 such as, Heinemann Active Maths Programme and T.J. Maths. The children will be given many relevant, real life activities to practise and develop their mathematical skills.

Calculators and computers also play a part in the teaching of mathematics. Staff use a variety of other interactive software to support learning and teaching.

Health and Wellbeing

Through our programmes of study we aim to create opportunities for our children to experience what it feels like to develop, enjoy and live a healthy lifestyle. This incorporates physical, emotional and social health.

The children follow a comprehensive physical education programme which they are encouraged to participate fully in. There are many opportunities for the children to participate in a wide variety of sporting activities. All children are timetabled to undertake 2 hours of P.E. in line with government guidelines.

Throughout the year a variety of instructors visit the school to offer the children taster sessions of a variety of sports such as, badminton, rugby and basketball.

Pupils from the Upper School are encouraged to participate in various external sporting events and leagues including football, netball, rugby, cross country, basketball and indoor athletics.

Our local Active Schools Co-ordinator also offers support in a variety of sporting activities.

Parents should note that when taking part in P.E. health and safety requirements state that **jewellery of any kind must not be worn.**

Personal and Social Development permeates all aspects of school life. The children will be given opportunities to develop their understanding of topics such as relationships, bullying, personal safety, healthy eating and active health.

In June 2013 we were awarded the UNICEF U.K. Level 1 Rights Respecting School Award. Staff and pupils of the Rights Respecting Steering Group lead this work in our school, by raising the school community's awareness of children's rights. This is an integral part of daily life in our school and complements our school values. We are currently working towards gaining the Level 2 award.

St. Francis Primary School is a Health Promoting Establishment. Through a structured Health Education Policy, from P1 to P7, we aim to provide the children with the knowledge and skills necessary for them to have the ability to make informed choices, assess elements of risk and consider personal strategies whereby they can choose a healthy lifestyle. We work closely with partner colleagues to support us in developing the children's knowledge and understanding of sensitive issues, such as alcohol and drug awareness.

By considering the ethos of this establishment we aim to foster healthy working relationships within the school and with parents, pre-5, secondary schools and the wider community.

Professional staff are invited to talk to the children about their work. There are also routine health checks and dental screening carried out. The school has been involved in an Oral Health Project and this has resulted in P.1 being involved in daily tooth brushing.

We are an **Oral Health Promoting School** and as such we encourage the children to remember to:

- Keep sugar to meal times.
- Brush teeth and gums every day.
- Visit the dentist every six months.
- Eat plenty of fruit (Government funding is available to provide free fruit to every child in P.1 and P.2 twice per week.)

We aim to create a warm, caring, supportive, nurturing atmosphere in which each individual (pupil, parent, staff) is valued and which is also seen to be concerned with the well-being of the community in general.

St. Francis was awarded the Health Promoting School Accreditation Certificate in June 2007.

Each year the school has a planned health Week. During this week all classes focus on a variety of health workshops and activities to emphasise the importance of making healthy choices in life. Various partner agencies support us during this week. A range of activities are offered such as: Drug Awareness, Cyberbullying, Heartstart, Healthy Eating, Aerobics, Relaxation, Eye Care & Oral Health.

Social Studies

It is important for children and young people to understand the place where they live and the heritage of their family and community. At various stages of the curriculum, the children study particular topics to develop their understanding of **People in the Past**, **People in Place** and **People and Society**. The children are encouraged to develop skills in researching, recording, reporting, designing, predicting, observing, interpreting and classifying.

Care is taken that breadth and balance is achieved throughout the school year and that no one subject area receives more attention than any other. Programmes of study are used to ensure structure and progression.

St. Andrew's Day

Celebrating our Scottish culture and heritage in song and dance.

Sciences

Through our science education programme we aim to stimulate, nurture and sustain the curiosity, wonder and questioning of our children. The children are given opportunities to explore and learn about:

- Our living world
- Our material world
- Our physical world

Expressive Arts

Through the expressive arts, children and young people can have rich opportunities to be creative and imaginative and to experience inspiration and enjoyment. Children are given many opportunities to develop their skills and creativity through Art and Design, Music, and Drama.

We actively seek opportunities to invite theatre groups to the school to perform for the children or to deliver drama/music/art workshops.

Specialist instruction in voice, brass and woodwind is available for pupils in the upper school.

Religious Education and Observance

The religious education of the school is very closely linked with that of the Parish of St Francis. Father Eoin visits the school on a regular basis. Masses and celebrations take place several times during the session according to the Liturgical Year and the Religious Education Programme. Our P.6 and P.7 children will be participating in the Pope Francis Faith Award in preparation for receiving the Sacrament of Confirmation.

The children also walk to the church in the summer term to participate in parish Masses and services.

In accordance with the wishes of the Diocese of Paisley, we use the new ***This Is Our Faith*** Religious Education Programme, which covers doctrine, study of the Old and New Testament, the importance of prayers and hymns, the preparation for, and the reception of the Sacraments, God's love for mankind, the relevance of His presence in our lives, how it should affect our service to Him and to others as members of His family.

Imparting the knowledge of our faith is only one aspect of religious education and we are dependent on parents to ensure that their children have the opportunity, encouragement and, most of all, the example they need to practise their faith and observe God's laws.

RELIGIOUS OBSERVANCE IN THE CATHOLIC SCHOOL

The Education (Scotland) Act 1980 imposes a statutory duty on local authorities to provide "Religious Observance" in Scottish schools. This is defined in a national R.O. Review Group report published in 2004 as comprising: *"community acts which aim to promote the spiritual development of all members of the school's community and express and celebrate the shared values of the school community"*.

In a letter of guidance issued by the Scottish Government in February 2011, it is acknowledged that Catholic schools take a distinctive approach to the provision of Religious Observance:

Scottish Government Ministers welcome the tradition that, in Roman Catholic denominational schools, Catholic Liturgy will largely shape the nature and frequency of religious observance activities in the classroom and in the wider school community. So, at times, children and young people will be invited to participate in, and sometimes to lead, prayer and reflection in classrooms and at assemblies. At other times, to honour particular occasions or feasts, chaplains will lead school communities in the celebration of Mass and other forms of liturgical celebration.¹

Catholic schools follow the customs and practices of the Church in order to nourish the spirituality and faith of pupils and staff. Our Catholic tradition is enriched by ancient rites, prayers and devotions which help young people to become aware of, and show reverence to, the sacred presence of the living God, Father, Son and Holy Spirit. Guided by this tradition, we celebrate various seasons and special feast days to honour God, Mary his Mother and the Saints.

¹ Curriculum For Excellence - Provision of Religious Observance in Schools, Scottish Government, 17 February 2011

Pupils are invited to pray with their teachers at times in classrooms and assemblies, as well as in liturgical services. Usually a classroom will display a Crucifix on the wall; in some classrooms and other areas of the school, a sacred space will feature a copy of the Bible and will be decorated with signs and symbols that reflect the changing seasons of the Church Calendar Year i.e., Advent, Christmas, Lent, Easter and Pentecost.

This regular practice of Prayer is complemented by religious services conducted, sometimes as part of an Assembly, to mark special occasions – e.g., the distribution of Ashes on Ash Wednesday, the seasons of Advent or Lent. To mark special Feast Days and Holy Days of Obligation, Holy Mass will be celebrated by the school chaplain, with the school community, in school buildings or in local parishes. Some pupils, at certain stages, may be able to participate in retreats and pilgrimages to places of special significance within the Catholic tradition.

While Religious Education is governed by separate Church guidance, it is complemented by Religious Observance practices and, together, these experiences help pupils to develop their understanding of the Catholic faith, to experience opportunities for spiritual growth and to commit to beliefs, values and actions in a positive response to God's invitation to faith.

In terms of pupil participation in R.O. Scottish Government guidance makes it clear that it makes an important contribution to pupils' development and that it promotes the ethos of a school by bringing pupils together and creating a sense of community. However, it also makes clear that parents have the right to withdraw children from participation in religious observance and that this right should always be made known to parents and their wishes respected. The Scottish Government also recognises that:

Where a parent chooses a denominational school for their child's education, they choose to opt in to the school's ethos and practice which is imbued with religious faith and religious observance. In denominational schools, it is therefore more difficult to extricate a pupil from all experiences which are influenced by the school's faith character.

Technologies

To participate fully in modern life, children and young people need to be skilled and knowledgeable users of technologies and be ready to embrace further developments in the future. We aim to enable our children to develop their knowledge of technology we use in society, their ability to use technology effectively and confidently and to investigate ways of improving technology.

We are very fortunate to have a well-equipped computer suite. This allows the children much greater access and hands-on experience when working through the I.C.T. curriculum. We also have additional P.C.s and an Interactive Whiteboard in every classroom and are continually updating computer software to support other areas of the curriculum. The computer room and computers at various points throughout the school have been networked. This includes protected access to the internet.

Education for Work – Skills for Learning, Life and Work

During each session a very effective World of Work Week is organised to give the children an insight into a variety of jobs.

Parents and members of our local community visit the school to talk to the children about their various roles in the workplace. This enables the children to learn more about employment opportunities and gives them goals to aspire to.

Educational Visits

Educational visits are arranged as a stimulus or as a follow-up to studies undertaken by different classes or groups of children. These include visits to museums, theatres, Arts Centres, local services, nature trails and places of local or historical interest.

We have also have organised visitors to the school supporting the children including, author visits, theatre groups and drama workshops.

Learning about our local area.

A visit to Aulds to learn about the baking process.

Interdisciplinary Learning – I.D.L.

Staff plan a variety of interdisciplinary learning topics, to enable the children to link and apply their learning from a variety of curricular areas. The children help to plan these topics, by discussing what they already know about a particular topic, what they would like to learn more about. At the end of a topic the children discuss what they have learned.

Here are a few examples of the topics:

- P.1 – The Farm
- P.2 – Katie Morag
- P.3 - People Who Help Us In Our Community
- P.3 – Disney – A Night at The Movies
- P.4 – Clyde Coast - Inverclyde

We are learning about people who help us in our community.

- P.5 – The Titanic
- P.6 – Europe
- P.7 – World War 2

CURRICULUM ASSESSMENT

Assessment

Constant individual assessment of progress is made by the class teacher throughout the session and is recorded in individual pupil profiles. This formative assessment is ongoing and helps teachers to plan future lessons.

Teachers keep records of work done in class and reports are made to parents at Parents' Evenings which are held in March and November. Samples of work are taken at regular intervals and are kept in individual folders - this is done on a continuous basis from P1 - P7. These folders are available for inspection at any time by parents, officials or the Inspectorate.

At the end of each session, reports on progress and records of attainment are passed on by the class teacher so that, at the beginning of the new session, the pupils' new teachers have as much information as is required to make the change from one stage to another as smooth as possible, ensuring that the children are building on their prior learning.

Diagnostic tests which identify the child's potential or areas of difficulty are used at certain stages.

Assessment is also made of effort, attitude to work and to other children. It is important to recognise children's special interests and talents and to make every effort to develop these. We are always keen to recognise and celebrate children's achievements. Parents are very welcome to contact the school at any time if they have any concerns about their child's progress.

EXTRA-CURRICULAR ACTIVITIES

A selection of Lunch Time and After School Clubs are organised by staff who very kindly volunteer their services:

Athletics	Basketball
Cross Country Running	Netball
Knitting	French
Enterprise	Family Learning Club

ADDITIONAL SUPPORT FOR LEARNING

All children and young people need support to help them learn. Every teacher has a responsibility to support the learning of all pupils in their class. The type of support offered will vary according to the needs of pupils. The main sources of support in schools are the staff who, through their normal practice, are able to meet a diverse range of needs. With high quality teaching and learning and an appropriate curriculum most children and young people are able to benefit appropriately from education without the need for additional support.

The definition of additional support is a wide one and it is not possible to provide an exhaustive list of all possible forms of additional support, it may include:

- children who have a disability
- children with social, emotional and behavioural difficulties
- children with learning difficulties of a specific or general nature
- children who are exceptionally able
- those who demonstrate underachievement relating to gender issues
- children whose learning has been interrupted through absence or illness
- bilingual children who have English as an additional language
- travelling children and those children whose family circumstances impact on attendance and learning.

It is important that a child's needs are identified at the earliest possible stage. These needs can be met in a number of ways, for example by adaptations to the curriculum or the learning environment, as well as input from the Support for Learning Teacher and on occasion from visiting specialists. The appropriateness of the support is determined through a process of assessment, planning and monitoring, working jointly with parents/carers and is reviewed regularly.

Mrs. Stinson the Depute Head Teacher, is the school's Additional Support for Learning Co-ordinator and works alongside class teachers, pupils and parents, providing assessment, advice and resources. Wherever possible children work within a group in the class but on occasion, may require an individual programme of work.

We have a number of support services on which to call, namely:

- Learning Support Teacher – Mrs. B. Smith
- Educational Psychologist
- Hearing Impairment Teacher
- Speech and Language Therapist
- Visual Impairment Teacher
- Occupational Therapist
- Physiotherapist
- Outreach Support to support pupils with Autism Spectrum Condition

Where a child is having difficulty and is not responding to extra help given in class, he/she may be referred for assessment by the Educational Psychologist. After consultation with the child, parent and teachers, a plan may be put in place for children requiring specific support. This indicates targets for a child to work towards. Review meetings involving children, parents/carers, teaching staff and other professionals working with a child are held regularly to discuss the targets and consider what is working and next steps.

Some children will have additional support needs arising from complex or multiple factors which require a high degree of co-ordination of support from both education and other agencies in order that their needs are met. In these cases, the school will arrange a meeting to decide whether the child meets the criteria for a Co-ordinated Support Plan (CSP). This is a statutory document which ensures regular monitoring and review for those young children who have one.

Parents/carers have the right to ask the education authority to establish whether their child needs a Co-ordinated Support plan.

If a parent considers that his or her child has additional support needs and wishes to make enquiries about this, they should contact the head teacher.

Inverclyde's mediation service can be accessed by contacting Mr. Grant McGovern, Head of Inclusive Education, Culture and Corporate Policy at Inverclyde Education Services.

SCHOOL IMPROVEMENT

It is important that we continually strive to improve everything that we do. As a school community we evaluate our work regularly. This involves consulting with staff, parents and children.

These evaluations help us to target areas for improvement. The school plans these areas for improvement carefully and regularly monitors to measure impact. Improvement plans can be found on the school website.

Each year the school produces a Standards and Quality Report to indicate the progress the school is making and to celebrate the learning that has taken place and achievements of the school. The Standard and Quality report is available on the school website.

HOME SCHOOL LINKS

Parents and carers are the most important influence throughout a child's education and parental involvement in a child's learning makes a real difference to their achievements. **We aim to work in partnership with parents/carers and welcome your support. Working together we aim to provide the best possible education for your child.**

During the summer term, parents of children who have registered for Primary 1 for the following session, are invited to attend meetings in school with their children. This provides an opportunity for the new entrants to mix with each other, share toys and equipment, follow a certain amount of routine and become familiar with the classroom environment.

Parents meet the Head Teacher, the Depute Head Teacher, the class teacher, and other members of staff who will be involved in the education of their children. They will also have a chance to discuss the curriculum, including resources, equipment and teaching methods and ways in which we can work together to make the first year at school an enjoyable and fruitful experience.

Curriculum workshops are also arranged to give parents a taste of a variety of classroom activities which their children are experiencing. This will also give parents a better understanding of some of the more practical homework activities set. Please contact the school if you would like a workshop for a particular subject arranged.

Useful website: www.parentszonescotland.gov.uk

During the session all classes will invite parents/carers to a variety of events in classes. This gives the children an opportunity to share their learning about a particular topic with their parents/carers. These occasions are very popular.

Parents are encouraged to participate in a variety of activities such as school outings, concerts, Celebrations of Learning, working party groups e.g. Homework Policy development and fund raising events.

We operate an **open door** policy at St Francis and apart from these set occasions, the head teacher and class teachers are available if a parent has a particular issue to discuss. In order to prevent unnecessary interruption of class lessons and to ensure that parents do not have a long wait, it would be appreciated if an appointment could be made with the Head Teacher in advance.

Complaints

If parents have concerns regarding the school, they should in the first instance, contact the Head Teacher to discuss the concern. If a resolution cannot be achieved through this procedure, the Head teacher will provide details of a contact at Inverclyde Council Education Department, where the concern can be discussed further.

Reporting to Parents

For each pupil the school holds individual files, which contain administrative details such as parents' names, addresses, telephone numbers and emergency contact numbers. It also contains each pupil's yearly reports.

Every child has a Learning Journey folder. Each year children add pieces of work to this folder to create a record of their learning from P.1 to P.7. The children enjoy looking back at what they have achieved each year. The older children particularly enjoy looking back at their P.1 work!

P.7 create an electronic profile. This profile is a snapshot of what each child regards as being their best achievements. The profiles are primarily aimed at learners and their parents. This profiling enables children to think about their learning and their own achievements and provides them with an opportunity to share their achievements.

An annual report is issued to parents in the summer term. This report is designed to give parents information about their child's progress as a learner, focussing on their strengths, achievements and their next steps in learning.

Parents are invited to comment on the annual report on:

- areas that please them;
- areas that concern them;
- points for discussion for Parents' Evening.

Children are also encouraged to comment.

Parents of pupils who require Additional Support for Learning are invited to review meetings with all agencies involved with their child. Review meetings are often called by the School's Psychologist but they may be called by the parent if required.

There are two formal Parents' Evenings organised each session in October and March. These meetings give parents an opportunity to meet their child's class teacher to discuss his/her progress. If parents have any questions regarding their child's progress they are very welcome to contact the school at any time. It is not necessary to wait until Parents' Evening.

Homework

Homework is given most nights, to reinforce and to consolidate skills/facts taught in school. Language work such as reading, spelling, local/world news, and maths, may be covered as part of a week's programme. In addition other topics may be tackled throughout the session, e.g. speeches, research presentations plus topic research. Time allocation for homework largely depends on the age of the child e.g. a P7 child could spend several hours on a worthwhile research project while a P1 pupil would benefit much more from short sharp reading practice several times a week.

This gives parents an opportunity to be aware of what the children are learning about in class. Parents are asked to support the school by encouraging the children to complete these tasks and signing the work and by ensuring that they have a suitable place in which to study.

Parents and staff worked together to create a Parental Homework Guide. This guide is available from the school office.

Further information relating to parental involvement within schools can be found by accessing Inverclyde's Parental Involvement Strategy which can be found on the Inverclyde Council website and the school's website.

PARENT FORUM AND PARENT COUNCIL

Scottish Schools (Parental Involvement) Act 2006 led to the establishment of Parent Councils in primary, secondary and special schools. The Act recognises the vital role that parents play in supporting their children's learning. It places a duty on authorities to promote the involvement of parents in children's education and the wider life of the school. It aims to help parents to be:-

- Involved with their child's education and learning
- Welcomed as an active participant in the life of the school.
- Encouraged to express their views on school education generally.

Both Act and Guidance can be found on the Parents' page of the Scottish Government website: www.scotland.gov.uk/Parents.

Parent Councils are designed to be flexible – to ensure that they represent their own school community and interests. It is for parents to decide what is most important for their Parent Council to work on.

Parent Councils can provide an opportunity for parents to get involved in ways that suit them, and to support their school in getting the best education for their children.

The Parent Council, as a statutory body, has the right to information and advice on matters which affect children's education.

The Parent Council meets at least once every school term. The date and time of meetings has to be agreed by the members of the Council.

Parents will be informed of parent Council Meeting in the school newsletter. The minutes of meetings are displayed in the school entrance and on the school website.

The Parent Council may co-opt members as necessary to assist it with carrying out its functions. Co-opted members could include school staff, both teaching and non-teaching. In denominational schools one such co-opted member must be nominated by the Church or denominational body in whose interest the school is conducted.

The membership of St. Francis Parent Council is as follows:

Chairperson - Mrs. C. McGeachy

Vice Chair - Mrs. P. Kelly

Parent Member - Ms. D. Buirds
Ms. A. Coventry
Mrs. Lyons

Mr. Tumbarello
Mrs. L. Dickson
Mrs. S. Green
Mrs. L. McLachlan
Mrs. L. Sharpe

Staff Members - Mrs. A. M. Mullan
Mrs J. Stinson

Church Rep. - Ms. A. Deighan
Clerk - Mrs M. Henderson

If you wish to speak to any member of the Parent Council please contact the school and we will arrange this.

Promoting Positive Relationships & Positive Behaviour

The relationship between pupils and teacher is similar to that between a child and his / her own parents requiring mutual respect on both sides. Staff and children consult on the setting of school and class charters. In school, as in the home, pupils are expected to follow certain rules and regulations necessary for their well-being, the safety of the school community and to ensure that all pupils have the opportunity of working in an atmosphere conducive to learning. We aim to create a caring, nurturing environment in which all children and staff feel valued and work together to treat each other with mutual respect.

We aim to use a positive restorative approach to encourage the children to develop a sense of responsibility for their own actions, to instil acceptable attitudes to work and to the rights of others - **to treat others as they would like to be treated.**

The staff ensure that the children are treated fairly and consistently. There is an agreed set of strategies used in the promotion of this programme. The children are rewarded and praised for effort both by their class teachers, support staff and the promoted staff during assemblies.

When considering their behaviour, children are encouraged to reflect on the school values which are directly linked to the Gospel Values.

As a **Rights Respecting School** our school community positively promotes Children's Rights - The United Nations Convention on the Rights of the Child (UNCRC). Children are encouraged to be 'rights givers' and as such, are encouraged to remember that everyone has the right to:

- feel safe and secure
- be respected
- be heard
- be educated without disruption
- be treated fairly
- learn in a healthy, clean environment

We must all help to ensure that all members of our school community:

- feel safe and secure
- feel respected – our friends, staff, visitors and parents
- are listened to
- allow others to learn without disruption
- treat others the way they like to be treated
- make healthy choices and look after the environment

It is very important for the pupils to feel that they have a voice and that they are involved in decision making within the school community. The children elect

representatives from their class to sit on the Pupil Council. The Council meets regularly with the Depute Head Teacher to discuss a variety of topics and issues raised by their peers. The minutes of these meetings are discussed with the head teacher.

Bullying will not be tolerated at St. Francis Primary School. Children are regularly reminded of this fact and also of the importance of telling someone if they or a friend are being bullied. Any bullying incidents are treated very seriously and we will never become complacent.

Parental Involvement

On some occasions, children do not respond to this positive approach, and choose to disregard any positive attempts to modify unsuitable behaviour. They may even start to disrupt lessons, etc. and in such circumstances it may be necessary to employ a series of minor sanctions such as deprivation of privileges or a behaviour reflection exercise. This will be dealt with - in the first instance by the classroom teacher. If behaviour or application to work does not improve, the depute head teacher or the head teacher will be involved and, if the problem persists, the parents will be informed and invited to become involved in finding a solution to the problem.

Account is taken of circumstances which may be affecting a child's behaviour or attitude to work - e.g. ill health, difficulties at home, etc. It is, therefore, important that the head teacher should be made aware of any factor which may affect the child's progress or behaviour.

Often, this co-operation between the parents and the school is enough to sort out the problem.

Serious Indiscipline and Exclusion

In certain cases, however, such as serious breaches of discipline, unprovoked assaults on other children, repeated acts of theft or vandalism, a pupil may be temporarily suspended from school and the parents held responsible for his/her supervision until such time as the school receives a signed guarantee of his/her future behaviour.

We welcome and value feedback from parents.

Parental Comments – October 2016

Well done St. Francis, kids are happy I am happy!

School always keeps you updated on child's progress, any problems etc.

Keep up the good work!

I feel the school offers great support to kids and parents.

The school has made a big difference to my child.

St. Francis has given me great support and confidence. Thank you.

Really pleased with my child's progress. Warm and caring school.

I really loved seeing how the kids learn the work in class this will help me when doing homework.

It was good watching the kids having fun while learning and how well they are doing.

We welcome and value feedback from our pupils.

Pupil Comments October 2016

*I love everyone
and everything.*

*We all have to be
friends and look
after each other.*

*My teacher does
not spoon feed
me. She makes
me think!*

Don't want to leave!

*To listen to
others is a way of
showing respect.*

*We show justice by
treating everybody
the same and
hearing both sides
of the story.*

*You get help
when you are
stuck.*

*My ideas get
used in class.*

*Our school is
clean and
tidy.*

*We have healthy
meals.*

*We get 2 hours
P.E.*

Inverclyde Council Education Service is committed to ensuring that no children or members of staff or service users receive less favourable treatment on any ground including gender, race, disability, age, sexual orientation, religion or belief. We have a moral, social and legal obligation to mainstream and put equality at the heart of everything we do. We aim to promote a culture in which equality of opportunity exists for all. We are opposed to all forms of discrimination, direct or indirect, and aim to eliminate all discriminatory practices. We will ensure that, in our schools and other educational establishments, equality permeates the curriculum and underpins all our policies and practices in terms of access to education. We must ensure that all our children achieve their full potential to develop physically, emotionally and academically. Finally, we believe that equality and inclusion should be a given right, where everyone is valued and treated with respect.

We are determined to make sure that every pupil is supported throughout school, fairly and equally, regardless of circumstances. We call this social justice and it's about making sure that all pupils are given an equal chance to reach their potential.

SPIRITUAL, SOCIAL, MORAL AND CULTURAL VALUES

Parents from ethnic minority religious communities may request that their children be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered. Appropriate requests will be granted on not more than three occasions in any one school session and the pupil noted as an authorised absentee in the register.

Sex and Relationship education is an integral part of a school's health education and religious programme. In our school the children will learn about this topic through God's Loving Plan. It focuses on the physical, emotional, moral and spiritual development of all children. Teachers are central to the delivery of sex education from Primary 1-7 and work in partnership with parents/carers and appropriate health professionals. Parents/carers should be fully informed and consulted on the content and purpose of sex and relationship education in schools, and have the opportunity to raise concerns with school staff. On an occasion where a parent/carer wishes to exercise the right to withdraw his/her child from sex and relationship education they should discuss their concerns and alternative arrangements with school staff. (as per Inverclyde Council's policy 'Sexual Health and Relationship Education).

CHILD PROTECTION IN INVERCLYDE

Inverclyde Council Education Services has Child Protection Guidelines and Procedures which all schools are required to follow. Education Services works very closely with other agencies namely Police Scotland, Social Work Services, NHS Greater Glasgow and Clyde and the Children's Reporter to support children. Common responsibilities of all staff are to protect children from abuse and exploitation, to respond appropriately when abuse is identified, and to ensure whenever possible that all children are able to exercise their right to be raised in a warm, stimulating and safe environment with the support of staff, their families and carers.

Further information about Child Protection can be found on the school website.

SCHOOL AND COMMUNITY LINKS

The school is a focal point of the community providing accommodation and facilities for community organisations.

Any organisation or association wishing to use the school facilities should apply to:

The Booking Office
Waterfront Leisure Centre
Customhouse Way
GREENOCK
PA15 1EW

TEL: 715559

We invite members of the local community to various events throughout the years and are very appreciative of their ongoing support.

We aim to work in partnership with local community groups. Visitors such as the Community Police, School Health, Oral Health and Parish groups make valuable contributions to our curriculum.

SCHOOL UNIFORM

Given that there is substantial parental and public approval of uniform, schools in Inverclyde are free to encourage the wearing of school uniform. In encouraging the wearing of uniform, account must be taken in any proposals to prevent any direct or indirect discrimination on the grounds of race or gender. Any proposals will be the subject of widespread consultation with parents and pupils. Against this background it should be noted that it is the policy of the Education & Lifelong Learning Committee not to insist on pupils wearing uniform or having specialist items of clothing as a prerequisite of their attending and engaging in all of the activities of the curriculum.

There are forms of dress which are unacceptable in school, such as items of clothing which:

- potentially encourages faction (such as football colours);
- could cause offence (such as anti-religious symbolism or political slogans);
- could cause health and safety difficulties, such as loose fitting clothing, or clothing made from flammable material for example shell suits in practical classes;
- could cause damage to flooring;
- carry advertising, particularly for alcohol or tobacco; and could be used to inflict damage on other pupils or be used by others to do so.

In addition jewellery such as dangling earrings and large rings could cause health and safety difficulties and are unacceptable to be worn in school.

The school does, however, have an attractive uniform and its items are listed below should you wish your child to wear it. The main stockist of St Francis' uniform is Smiths, Greenock and all items of uniform are available throughout the school year.

BOYS Brown Blazer (optional),
Brown pullover, cardigan or sweatshirt
Blue shirt or blue polo shirt
Brown trousers
School tie

GIRLS Brown Blazer (optional),
Brown pullover, cardigan or sweatshirt
Blue blouse or blue polo shirt
Brown skirt or kimono
School tie

To comply with rules of health and safety, pupils should wear tee-shirt, shorts and gym shoes for PE lessons and **all jewellery should be removed.**

NB: All articles of clothing should be clearly marked with the pupil's name.

Parents of children receiving one or the following benefits will normally be entitled to monetary grants for footwear and clothing for their children:

- Income Support
- Income-based Job Seeker's Allowance
- Child Tax Credit, but not Working Tax Credit, and where income is less than £16,105 (as assessed by the Inland Revenue)
- an asylum seeker receiving support under Part VI of the Immigration and Asylum Act 1999
- Any income related element of Employment and Support Allowance
- Parent or carer is in receipt of Working Tax Credit with an income below the threshold for receipt of maximum Working Tax Credit (currently income below £6,420).

Approval of requests for such grants made by parents in different circumstances is at the discretion of the Corporate Director Education and Social Care. Information and application forms may be obtained from schools and from Education Services, 105 Dalrymple Street, Greenock, PA15 1HU.

The council is concerned at the level of claims being received regarding the loss of pupils' clothing and/or personal belongings. Parents are asked to assist in this area by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school. Parents should note that the authority does not carry insurance to cover the loss of such items and any claims submitted are likely to be met only where the authority can be shown to have been negligent.

ATTENDANCE AT SCHOOL

Section 30 of 1980 Education Act lays a duty on every parent of a child of "school age" to ensure that their child attends school regularly. Attendance must be recorded twice a day, morning and afternoon.

Regulation 7 of The Education (School and Placing Information) (Scotland) Amendment, etc. Regulations 1993 requires each child's absence from school to be recorded in the school register as authorised: i.e. approved by the authority, or unauthorised: i.e. unexplained by the parent (truancy) or temporarily excluded from school.

Parents should inform the school by telephone on the first morning of an absence and provide an explanation for the pupil's absence. The school will contact the pupil's family and thereafter other emergency contacts if no explanation is given for the pupil's absence. The contact will be made before 10am on the first morning of the absence and early after the restart after lunch in the case of an afternoon absence. Other agencies may be contacted if no contact with the pupil's family can be achieved and if there are continuing concerns about a child's safety or wellbeing. **On return to school parents should provide a note explaining the reasons for absence.**

Parents should keep the school informed of any changes of address or telephone numbers, both their own and those of the emergency contacts.

The Scottish Government has provided guidance on the management of attendance and absence in Scottish schools in its publication included, Engaged and Involved – part 1: Attendance in Scottish Schools. Every effort should be made to avoid family holidays during term time as this both disrupts the child’s education and reduces learning time. It has been clarified that family holidays should not be recorded as authorised absence, except in exceptional domestic circumstances, where a family needs time together to recover from distress, or where a parent’s employment is of a nature where school-holiday leave cannot be accommodated (e.g. armed services or emergency services). It is for local authorities and schools to judge when these circumstances apply and authorise absence, accordingly.

The categorisation of most term-time holidays as unauthorised absence has been a contentious issue for some families, many of whom are concerned at the higher cost of holidays during school holiday periods. The Scottish Government has no control over the pricing decisions of holiday companies or flight operators. Our main focus is to encourage parents and pupils to recognise the value of learning and the pitfalls of disrupting learning for the pupil, the rest of the class and the teacher.

Clearly where an absence occurs with no explanation from the parent, the absence is unauthorised.

Schools investigate unexplained absence, and Education Services has the power to write to, interview or prosecute parents, or to refer pupils to the Children’s Reporter, if necessary.

Children Absent from School through Ill Health

Young people of school age may be unable to attend school for a wide range of reasons including illness, accidents or long term medical conditions. In general there will be an automatic referral by the school for education outwith school after 15 days of continuous or 20 working days of intermittent absence, within a single session, for verifiable medical reason.

INFORMATION IN EMERGENCIES

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you in touch by using letters, Twitter, notices in local shops and community centres, announcements in local churches and announcements in the press and on local radio. In the event of emergency evacuation of the building, St. Stephen’s High School or St. Francis’ Church Hall will provide temporary accommodation. **Once again it is imperative that we have an up to date record of all contacts.**

SCHOOL MEALS

St Francis' school canteen has meals cooked on the premises. Catering Services provide set menus which include a main meal, a soup meal, a baked potato meal, a snack meal and a packed lunch meal. Parents were able to see sample meals at Parents' Evening and responses were very favourable. Full content menus are issued at the start of the school session and if and when any changes are made. Fresh, cold milk is available at a reduced cost through European Union subsidy. Fruit juices and flavoured water are also on sale and the children have access to cooled water at all times. Milk, soup, rolls and breakfast cereal are also available at the morning break. Care is always taken to ensure that each child chooses a good nutritional and balanced meal at lunch time.

The catering manager is an active member of the Health Group and ensures that the catering practices are guided by the philosophy of the Health Promoting School.

The school canteen also caters for children with special dietary requirements and facilities are made available for those children who wish to bring their own packed lunch. We also have a very attractive outdoor picnic area for use in the summer term. Lunches are supervised at all times.

No prices are included in this section as they are subject to fluctuation but they will be made available at the beginning of the new session.

Children of parents in receipt of one of the following benefits are entitled to a free midday meal:

- Income Support
- Income-based Job Seeker's Allowance
- Child Tax Credit, but not Working Tax Credit, and where income is less than £15,860 (as assessed by the Inland Revenue)
- an asylum seeker receiving support under Part VI of the Immigration and Asylum Act 1999
- Any income related element of Employment and Support Allowance
- Parent or carer is in receipt of Working Tax Credit with an income below the threshold for receipt of maximum Working Tax Credit (currently income below £6,420).

Please note that from January 2016 onwards all children from P.1 – P.3 will be entitled to a free school meal.

Information and application forms for free school meals may be obtained from schools and **Education Services, Wallace Place, Greenock, PA15 1JB**. In addition such children will be entitled to free milk.

Children and parents/carers enjoying a first visit to the canteen.

PROVISION OF TRANSPORT

The Council has a policy of providing free transport to all primary pupils who live more than one mile from their local school by the recognised shortest walking route. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider that they are eligible should obtain an application form from the school or at **Education Services, Wallace Place, Greenock, PA15 1JB**. These forms should be completed and returned before the end of February for those pupils beginning school in August to enable the appropriate arrangements to be made.

Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made. The appropriate officer has discretion in special circumstances to grant permission for pupils to travel in transport provided by the authority, where spare places are available and no additional costs are incurred.

Please note that the Transport Policy for Inverclyde is currently subject to consultation. The outcome of the consultation is expected to be known in January 2017.

Pick-up Points - Where free transport is provided, it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's limits (see above paragraph). It is the parent's responsibility to ensure their child arrives at the pick-up point in time. It is also the parent's responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling in and alighting from the vehicle. Misbehaviour could result in your child losing the right to free transport.

Placing Requests - The education service does not provide transport for those pupils in receipt of a placing request other than in exceptional circumstances. In the case of under-age placing requests, if the child is offered a place in his/her catchment area school, transport will be provided in accordance with council policy stated above.

The school catchment area has been extended to include Slaemuir, Park Farm and Oronsay housing estates, most of which are within the one mile zone for primary schools. However, our catchment area also includes Kilmacolm and a few houses in the extended catchment which are outside the one mile zone. Parents of children from these areas can apply for free transport.

SCHOOL SECURITY

In the light of Government reports and recommendations, Inverclyde Council Education Service has initiated the adoption of certain basic security measures in all schools. This includes stricter control of access to the school.

The school is fitted with a controlled entry system. **All visitors must report to the school office via the main entrance only. Pupil entrances are for pupil use only.** Visitors are asked to sign in and out and are issued with a badge which identifies them to the children and staff as an authorised visitor.

No unauthorised person, including parents, should be in the playground during breaks. These measures are to ensure the safety of the children and staff and are not meant to discourage parents from becoming involved in the education of their children. It is hoped that parents will understand the need for these measures and will work with the school to provide a safe and secure environment for the children.

PLAYGROUND SUPERVISION

An adult presence is provided in playgrounds at break times in terms of the Schools (Safety and Supervision of Pupils) (Scotland) Regulations, 1990. The janitor patrols the playground areas and SEN auxiliaries and classroom assistants also supervise the children during break times. The head teacher and office staff are also available during all breaks.

TRANSFER TO SECONDARY

Parents should be advised that if they wish their child to transfer to St Stephen's High School they must live within the catchment area otherwise a placing request must be submitted.

Pupils are normally transferred to secondary education between the ages of 11½ and 12½ years so that they will have the opportunity to complete at least four years of secondary education.

Parents will be informed of the arrangements no later than December of the year preceding the date of transfer at the start of the new session. Pupils from this school transfer to St Stephen's High School with whom we have on-going liaison.

LIAISON WITH ST STEPHEN'S HIGH SCHOOL

The head teachers of all associate primary schools attend regular meetings with the head teacher of St Stephen's where matters such as curriculum, teaching methods, programmes of study, resources, reports and assessments are discussed. P.7 teachers and High School staff meet to discuss the Liaison Programme. Members of St Stephen's staff visit our school and work with the children alongside the P.7 class teacher.

The children pay a series of visits to the Computing, Science and Home Economics Departments.

These programmes of work started during the last term of Primary 7 form the basis of the pupils' work during their first term in the Secondary School and so provide a measure of continuity.

The exchange visits between the Primary 7 teachers and secondary staff have proved very beneficial as they allow the secondary teachers to meet their future pupils and the primary staff to envisage what the transfer really means for their pupils. Moreover, it allows the children to become familiar with members of the secondary school staff ahead of time and in a familiar setting.

Primary 7 parents are invited to an open day in St Stephen's to meet staff and see round the school. Members of their Senior Management Team are also present at our Parents' Evenings to speak to the parents of Primary 6 and Primary 7 on an individual basis and give the parents the opportunity to ask any questions they may have.

Transferring Educational Data About Pupils

Data Protection Act 1998

Information on children, parents and guardians is stored on a computer system and may be used for teaching, registration, assessment and other administrative duties. The information is protected by the **Data Protection Act 1998** and may only be disclosed in accordance with the Codes of Practice. For further information please contact the school.

Although this information is correct at the time of presenting, there could be changes affecting any of the matters dealt with in the document –

- (a) before the commencement or during the course of the school year in question.
- (b) in relation to subsequent school years.

Glossary of Terms Used in the Handbook

Mixed Ability Group	- pupils of a wide range of ability taught together as a class
Curriculum	- the course pupils study during the school week
Extra-curricular	- activities which are offered outwith classes e.g. netball/ drama
Curriculum for Excellence	- refers to National Guidelines
GIRFEC	- Getting It Right For Every Child
Pastoral Care	- care, welfare of individual pupils
ASL	- Additional Support for Learning
ASC	- Autistic Spectrum Conditions
